

UGS Admission-2021 Round 3 Questionnaire

Dear UGS applicant,

Ukraine Global Scholars (UGS) is a not-for-profit organization with the mission of helping most talented Ukrainian students from modest backgrounds, whose families are not able to cover expenses associated with the application process to the world's best boarding schools and colleges.

When applying for financial aid from the US educational institutions, applicant's parents or guardians are required to submit comprehensive financial forms. Because you would need to go through this process if selected as a UGS finalist, we are now asking you to complete a short financial questionnaire with the help of your parents.

This form will be used to provide the UGS Admission Committee with additional information related to your family's financial situation. Please note that only Admission Officers can access this information. We may also share this information with our partners in Ukraine that will perform background checks for the UGS finalists' families from the public sources.

If you feel strongly about not disclosing your family income information to UGS, you are free to do so; however, in such a case, we ask you to provide an explanation of your circumstances at the end of this form. We will still consider your candidacy based on the application form, test results, and interviews, while also taking into consideration and evaluating your family's unique circumstances.

We ask you to be transparent and provide the information to the best of your knowledge.

With best regards,
UGS Admission Committee
